- Waste cleanup and disposal will be conducted as follows: Plastic bags are provided in the Public Access check-in area. Please take one with you to visit. OVERCROWDING IN THE VISIT ROOM

When the visit room reaches maximum capacity, the following practice will be implemented to allow as many visitors as possible the opportunity to visit:

- Visit personnel will maintain a log of visitors entering the visit room and the time that they arrive. Visitors arriving when the room has already reached maximum capacity will be instructed to leave and given a time to return for processing.
- After you have been in the visit room for one-half of your scheduled visit, you may be instructed to leave the visit room on a first in/first out basis to allow another visitor(s) to enter. Visit personnel will ask for volunteers before ending any visits.
 - In limited circumstances, an offender and his/her visitor(s) may not have their visit ended (e.g., visitors who have traveled over 300 miles, rely on specialized public transportation, etc.).
- If an offender has already had a visitor(s), additional visits may not be allowed for that day.

When the visit room drops below maximum capacity, these limitations will be suspended.

CLOTHING STANDARDS

Dress standards are necessary to ensure the safety and security of visitors and offenders and to promote a positive environment. You should wear clothing that is conservative in nature in order to maintain a respectful visiting environment and ensure processing time is kept to a minimum. The Visiting Sergeant/designee will make the final determination regarding the appropriateness of any clothing, footwear, or accessories.

You must wear appropriate clothing. To ensure the safety of all individuals if an emergency arises, clothing that resembles state issued offender clothing (e.g., red shirts, khaki pants, gray sweatpants and sweatshirts) or Department uniforms is not allowed.

CONDUCT DURING VISITS

The Department intends to maintain visiting programs which help offenders preserve positive ties with family and friends. Cooperation by all participants is encouraged. Please be respectful, courteous, and follow all instructions given by facility employees. The following visit room guidelines will help to ensure that visits are a pleasant experience for all participants.

The following is not allowed:

- Any criminal activity
- Weapons or objects that present danger of any kind
- Visitors that have consumed alcohol and/or any illegal substance
- Contraband not allowed on:
 - The premises, including alcohol, tobacco, and illegal drugs, or
 - Your person, including gum
- Any disturbance or the creation of emergency situations within the facility
- Any conduct/behavior that threatens the health and safety of any visitor, offender, or others

General Guidelines:

- A brief hug and kiss (i.e., 4-5 seconds in length) are permitted at the beginning and conclusion of visits. During the visit, the only physical contact allowed between offenders and adult visitors is holding hands with hands in plain view. As visiting areas are family friendly environments, caressing of any kind will not be allowed.
 - In addition to brief, appropriate contact at the beginning and conclusion of each visit, an offender may have physical contact with his/her minor visitor(s) 8 years of age and under in a manner that respects the child's feelings and physical boundaries.
 - The child may sit on the offender's lap.
 - The offender may show affection toward the child (i.e., hugs or kisses).

WCCW VISITOR'S GUIDELINES

- Visit personnel will monitor the child for signs of disengagement (e.g., pulling away, crying, screaming, etc.) and will, if appropriate, instruct the offender to discontinue the physical contact or return the child to the guardian/escort.
- The Superintendent/designee may establish additional requirements for an individual offender/visitor.
- Visitors that cause significant concern during their visit may be suspended from visiting privileges.
- Visits may become emotional at times. If visit personnel observe this, they may check in with you.
- Conversations should remain quiet, without harsh language or swearing, encouraging pleasant and caring family interaction. Please avoid loud, excessively emotional, or disruptive behavior.
- Visit areas are provided for all visitors. Please use furnishings for their intended use.
- Because time is limited, the focus and interaction must remain between the offender and his/her own visitors and family. Conversations with other offenders and/or their visitors are not allowed with the exception of very brief (i.e., one or two word) courteous statements (e.g., hello, please, thank you, etc.).
- During visitation, money or vending machine debit cards may be used for vending machine purchases by visitors. Offenders will stay behind the red line on the floor. Offenders are not allowed to operate the vending machines or have a vending card in their possession. If you are unable to utilize the machine without assistance, please let visit personnel know and they will assist you. Once opened, purchased food items must be removed from their packaging and placed on a plate or napkin. Any unopened items may be taken home by the visitor. Visitors will take all unspent money and vending machine debit cards with them when they leave.
- If restrooms are located outside the visit room, visitors may be subject to additional search.
- Please put away all items used during visits (e.g., games, toys, books).
- Please throw trash and recyclables in provided containers at the end of your visit.

General Supervision of Children:

- Children must be under direct supervision and within sight of the visiting parent or guardian/escort at all times. Children should remain at the table or in authorized play or break areas at all times. Roughhousing and horseplay will be stopped immediately by the visiting minor's escort.

WCCW VISITOR'S GUIDELINES

- The offender may supervise a child(ren) while the adult visitor uses the restroom or the vending machine, provided there is no restriction prohibiting the offender from being alone with the child(ren).
- For health and safety purposes, children under age 5 must have an adult escort them when they use the restroom. While an adult visitor escorts the child to the restroom, the offender may supervise remaining children, provided there is no restriction prohibiting the offender from being alone with the child(ren).
- Verbal corrections and time-outs are the only allowable forms of discipline during visits. Department employees are required by law to report suspected child abuse and neglect.
- Showing affection, holding, and playing with visiting children promote positive family interaction. Please remember to be considerate of other visitors and your public surroundings.
- Grooming of children's hair may be done during visits, unless visits occur in a dining hall.
- When changing children's soiled garments, please use the provided changing areas.

Suggestion/Comment forms are available in the visit room and online at <http://www.doc.wa.gov/family/visits.asp>.
