CLOTHING STANDARDS

VISITOR'S GUIDELINES

Dress standards are necessary to ensure the safety and security of visitors and offenders and to promote a positive environment. You should wear clothing that is conservative in nature in order to maintain a respectful visiting environment and ensure processing time is kept to a minimum. The Visiting Sergeant/designee will make the final determination regarding the appropriateness of any clothing, footwear, or accessories.

You must wear appropriate clothing. To ensure the safety of all individuals if an emergency arises, clothing that resembles state issued offender clothing (e.g., red shirts, khaki pants, gray sweatpants and sweatshirts) or Department uniforms is not allowed.

The following guidelines apply to visitors 8 years of age and older:

- All clothing must be clean and in good repair, free of holes, rips, or tears. A rip that does not show skin is acceptable.

- Clothing will not reveal breasts or expose undergarments, cleavage, stomach/midriff, or bare chest or back, including when arms are raised.
- Camouflage, bibbed attire, and pants with multiple side pockets may not be worn. While camisoles or light layering of T-shirts/sweaters is allowed, excessive layering that could conceal contraband are not allowed.
- Outer garment shirts must have sleeves.
- Sweaters, blazers, and sweatshirts are permitted.
- Hooded clothing is not allowed.
- Shorts must not fall more than 3 inches above the middle of the kneecap when standing. This standard also applies to women's dresses, skirts, capris, skorts, and slits in clothing.
- You may be prohibited from bringing hooded or heavy, parka style coats into the visit room. The placement of these items will be hung on coat racks in the lobby area.
- Shoes, sandals, flip flops, and boots must be in good repair, free of holes, rips, or tears. Quilted, fur lined, or steel toed footwear is not allowed. High heels must be no more than 3 inches high from the heel of the visitor's foot to the ground.

 - Scarves, neck ties, hats, and gloves are not allowed.
 - Belts are allowed, except money belts and belts with compartments or removable parts.

Children must wear clothing that will not reveal underwear when they crawl, spin, etc. Shorts under dresses may be appropriate.

CONDUCT DURING VISITS

The Department intends to maintain visiting programs which help offenders preserve positive ties with family and friends. Cooperation by all participants is encouraged. Please be respectful, courteous, and follow all instructions given by facility employees. The following visit room guidelines will help to ensure that visits are a pleasant experience for all participants.

The following is not allowed:

- Any criminal activity
- Weapons or objects that present danger of any kind
- Visitors that have consumed alcohol and/or any illegal substance
- Contraband not allowed on:
 - The premises, including alcohol, tobacco, and illegal drugs, or
 - Your person, including gum
- Any disturbance or the creation of emergency situations within the facility
- Any conduct/behavior that threatens the health and safety of any visitor, offender, or others

General Guidelines:

- A brief hug and kiss (i.e., 4-5 seconds in length) are permitted at the beginning and conclusion of visits. During the visit, the only physical contact allowed between offenders and adult visitors is holding hands with hands in plain view. As visiting areas are family friendly environments, caressing of any kind will not be allowed.
 - In addition to brief, appropriate contact at the beginning and conclusion of each visit, an offender may have physical contact with his/her minor visitor(s) 8 years of age and under in a manner that respects the child's feelings and physical boundaries.

VISITOR'S GUIDELINES

- The child may sit on the offender's lap.
- The offender may show affection toward the child (i.e., hugs or kisses).
- Visit personnel will monitor the child for signs of disengagement (e.g., pulling away, crying, screaming, etc.) and will, if appropriate, instruct the offender to discontinue the physical contact or return the child to the guardian/escort.
- The Superintendent/designee may establish additional requirements for an individual offender/visitor.
- Visitors that cause significant concern during their visit may be suspended from visiting privileges.
- Visits may become emotional at times. If visit personnel observe this, they may check in with you.
- Conversations should remain quiet, without harsh language or swearing, encouraging pleasant and caring family interaction. Please avoid loud, excessively emotional, or disruptive behavior.
- Visit areas are provided for all visitors. Please use furnishings for their intended use.
- Because time is limited, the focus and interaction must remain between the offender and his/her own visitors and family. Conversations with other offenders and/or their visitors are not allowed with the exception of very brief (i.e., one or two word) courteous statements (e.g., hello, please, thank you, etc.).
- During visitation, money may be used for vending machine purchases. Once opened, purchased food items must be removed from their packaging and placed on a plate or napkin. Any unopened items may be taken home by the visitor. Visitors will take all unspent money and vending machine debit cards with them when they leave.
- If restrooms are located outside the visit room, visitors may be subject to additional search.
- Please put away all items used during visits (e.g., games, toys, books).
- Please throw trash and recyclables in provided containers at the end of your visit.

General Supervision of Children:

- Children must be under direct supervision and within sight of the visiting parent or guardian/escort at all times. Children should remain at the table or in authorized play or break areas at all times. Roughhousing and horseplay will be stopped immediately by the visiting minor's escort.
- The offender may supervise a child(ren) while the adult visitor uses the restroom or the vending machine, provided there is no restriction prohibiting the offender from being alone with the child(ren).

VISITOR'S GUIDELINES

- For health and safety purposes, children under age 5 must have an adult escort them when they use the restroom. While an adult visitor escorts the child to the restroom, the offender may supervise remaining children, provided there is no restriction prohibiting the offender from being alone with the child(ren).
- Verbal corrections and time-outs are the only allowable forms of discipline during visits. Department employees are required by law to report suspected child abuse and neglect.
- Showing affection, holding, and playing with visiting children promote positive family interaction. Please remember to be considerate of other visitors and your public surroundings.
- Grooming of children's hair may be done during visits, unless visits occur in a dining hall.
- When changing children's soiled garments, please use the provided changing areas.

Suggestion/Comment forms are available in the visit room and online at
<http://www.doc.wa.gov/family/visits.asp>.
