You may bring the following items in a clear plastic coin purse or bag:

- Money (for debit vending machines) - At facilities with debit vending machines, you will be allowed a vending machine debit card. Debit card limits are established by the facility based on vendor resources. For MCCCW, the debit card has no limit on the amount that can be deposited on the card. A \$5.00 bill will be needed for first time users to obtain a vending machine debit card. A \$2.00 charge will be assessed for each card purchased. Debit cards should be purchased or loaded prior to the offender entering the visit room. Offenders are not allowed to handle cash or vending machine debit cards. All returns will be handled through the vendor by taping a return ticket, with correct name and address clearly written on it, to the vending machine for the vendor to pick up. No lending, borrowing, or trading of vending cards is allowed during visits.
- Keys - Drivers may keep one car key and/or remote on a single ring key chain. The keys will be secured by the Visit Officer at the officer's desk.

MISSION CREEK CORRECTIONS CENTER FOR WOMEN VISITOR'S GUIDELINES

- Cleanup of waste and disposal in the following area(s): Animal waste should be placed in the garbage can in front of the Administration Building. Service animals may use the grass area around the visitor parking lot. Visitors must clean up waste from their service animal. Visit officers will have a supply of animal waste baggies if needed.
- Ensuring the animal remains on a leash under their control at all times.

Service animals may not interact with offenders or other visitors.

OVERCROWDING IN THE VISIT ROOM

When the visit room reaches maximum capacity, the following practice will be implemented to allow as many visitors as possible the opportunity to visit:

- Visit personnel will maintain a log of visitors entering the visit room and the time that they arrive.
- After you have been in the visit room for one hour, or half of the visit period, you may be instructed to leave the visit room to allow another visitor(s) to enter. Visit personnel will ask for volunteers before ending any visits.
 - In limited circumstances, an offender and his/her visitor(s) may not have their visit ended (e.g., visitors who have traveled over 300 miles, rely on specialized public transportation, etc.).
 - If an offender has already had a visitor(s), additional visits may not be allowed for that day.

When the visit room drops below maximum capacity, these limitations will be suspended.

CLOTHING STANDARDS

Dress standards are necessary to ensure the safety and security of visitors and offenders and to promote a positive environment. You should wear clothing that is conservative in nature in order to maintain a respectful visiting environment and ensure processing time is kept to a minimum. The Visiting Sergeant/Shift Commander/designee will make the final determination regarding the appropriateness of any clothing, footwear, or accessories.

You must wear appropriate clothing. To ensure the safety of all individuals if an emergency arises, clothing that resembles state issued offender clothing (e.g., red shirts, khaki pants, gray sweatpants and sweatshirts) or Department uniforms is not allowed.

The following guidelines apply to visitors 8 years of age and older:

CONDUCT DURING VISITS

The Department intends to maintain visiting programs which help offenders preserve positive ties with family and friends. Cooperation by all participants is encouraged. Please be respectful, courteous, and follow all instructions given by facility employees. The following visit room guidelines will help to ensure that visits are a pleasant experience for all participants.

The following is not allowed:

- Criminal activity
- Weapons or objects that present danger of any kind
- Visitors that have consumed alcohol, marijuana, and/or any illegal substance
- Contraband not allowed on:
 - The premises: alcohol, tobacco, marijuana, and illegal drugs, or
 - Your person: gum
- Any disturbance or the creation of emergency situations within the facility
- Conduct/behavior that:
 - Threatens the health and safety of any visitor, offender, or others
 - May result in damage to the facility premises or equipment
 - Is disrespectful or inappropriate towards facility employees
 - Disrupts the visits of others
- Purchasing food and drinks for other visitors or an offender you are not currently visiting

General Guidelines:

- A brief hug and kiss (i.e., no more than 4-5 seconds in length) are permitted at the beginning and conclusion of visits. During the visit, the only physical contact allowed between offenders and adult visitors is holding hands with hands in plain view. While seated at a table, hands must be on or above the table top. As visiting areas are family friendly environments, caressing and/or sexually suggestive behavior of any kind is not allowed.
 - In addition to brief, appropriate contact at the beginning and conclusion of each visit, an offender may have physical contact with his/her minor visitor(s) 8 years of age and under in a manner that respects the child's feelings and physical boundaries.

MISSION CREEK CORRECTIONS CENTER FOR WOMEN VISITOR'S GUIDELINES

- The child may sit on the offender's lap.
- The offender may show affection toward the child (i.e., hugs or kisses).
- Visit personnel will monitor the child for signs of disengagement (e.g., pulling away, crying, screaming, etc.) and will, if appropriate, instruct the offender to discontinue the physical contact or return the child to the guardian/escort.
- The Superintendent/designee may establish additional requirements for an individual offender/visitor.
- Visitors that cause significant concern during their visit may be suspended from visiting privileges.
- Visits may become emotional at times. If visit personnel observe this, they may check in with you.
- Conversations should remain quiet, without harsh language or swearing, encouraging pleasant and caring family interaction. Please avoid loud, excessively emotional, or disruptive behavior.
- Visit areas are provided for all visitors. Please use furnishings for their intended use.
- Because time is limited, the focus and interaction must remain between the offender and his/her own visitors and family. Conversations with other offenders and/or their visitors are not allowed with the exception of very brief (i.e., one or two word) courteous statements (e.g., hello, please, thank you, etc.).
- During visitation, money or vending machine debit cards may be used for vending machine purchases by visitors. No more than 8 people will be allowed at the vending machines at one time. Offenders are not authorized to operate or retrieve items from the vending machines. Once opened, purchased food items must be removed from their packaging and placed on a plate or napkin. Any unopened items may be taken home by the visitor. Visitors will take all unspent money and vending machine debit cards with them when they leave.
- If restrooms are located outside the visit room, visitors may be subject to additional search.
- Please put away all items used during visits (e.g., games, toys, books).
- Please throw trash and recyclables in provided containers at the end of your visit.

General Supervision of Children:

- Children must be under direct supervision and within sight of the visiting parent or guardian/escort at all times. Children should remain at the table or in authorized play or break areas at all times. Roughhousing and horseplay will be stopped immediately by the visiting minor's guardian/escort.

MISSION CREEK CORRECTIONS CENTER FOR WOMEN VISITOR'S GUIDELINES

- The offender may supervise a child(ren) while the adult visitor uses the restroom or the vending machine, provided there is no restriction prohibiting the offender from being alone with the child(ren).
- For health and safety purposes, children under 5 years of age must have an adult escort them when they use the restroom. While an adult visitor escorts the child to the restroom, the offender may supervise remaining children, provided there is no restriction prohibiting the offender from being alone with the child(ren).
- Verbal corrections and time-outs are the only allowable forms of discipline during visits. Department employees are required by law to report suspected child abuse and neglect.
- Showing affection, holding, and playing with visiting children promote positive family interaction. Please remember to be considerate of other visitors and your public surroundings.
- Grooming of children's hair may be done during visits, unless visits occur in a dining hall.
- When changing children's soiled garments, please use the provided changing areas.
- Adult escorts are expected to encourage children to return play items to their proper locations after use.
