

VISITOR'S GUIDELINES

WELCOME STATEMENT

The Department of Corrections welcomes you to Stafford Creek Corrections Center. We wish to provide a family friendly environment. To do this, there are some security measures we must take to ensure your visit is safe and pleasant. The number of visitors allowed at one time may vary from one facility to another. Please read these guidelines carefully so you may have an enjoyable visit.

WHO CAN VISIT

Visitors must have submitted a visitor's application and be approved before visiting. Each offender may have up to 5 approved visitors per visit, with up to 10 accommodated with prior approval through the Special Visit process. NOTE: The offender may not be available for a visit. You may avoid making an unnecessary trip or being turned away by pre-arranging visits with the offender.

Minors under 18 years of age may visit with a parent/guardian or an approved escort only.

WHEN YOU CAN VISIT

Visiting times are 11:00 a.m. to 8:00 p.m. If you are arriving in the morning, please arrive no earlier than 10:45 a.m. If you are arriving after 3:00 p.m., please arrive no earlier 4:45 p.m. Visit days are every Friday through Monday with open visiting on Friday and Mondays only. You should wear clothing that is conservative in nature in order to maintain a respectful visiting environment and ensure processing time is kept to a minimum. The Visiting Sergeant/Shift Commander/designee will make the final determination regarding the appropriateness of any clothing, footwear, or accessories.

VISITOR'S GUIDELINES

CONDUCT DURING VISITS

The Department intends to maintain visiting programs which help offenders preserve positive ties with family and friends. Cooperation by all participants is encouraged. Please be respectful, courteous, and follow all instructions given by facility employees. The following visit room guidelines will help to ensure that visits are a pleasant experience for all participants.

The following is not allowed:

- Criminal activity
- Weapons or objects that present danger of any kind
- Visitors that have consumed alcohol, marijuana, and/or any illegal substance
- Contraband not allowed on:
 - The premises: alcohol, tobacco, marijuana, and illegal drugs, or
 - Your person: gum
- Any disturbance or the creation of emergency situations within the facility
- Conduct/behavior that:
 - Threatens the health and safety of any visitor, offender, or others
 - May result in damage to the facility premises or equipment
 - Is disrespectful or inappropriate towards facility employees
 - Disrupts the visits of others
- Purchasing food and drinks for other visitors or an offender you are not currently visiting

General Guidelines:

- A brief hug and kiss (i.e., no more than 4-5 seconds in length) are permitted at the beginning and conclusion of visits. During the visit, the only physical contact allowed between offenders and adult visitors is holding hands with hands in plain view. While seated at a table, hands must be on or above the table top. As visiting areas are family friendly environments, caressing and/or sexually suggestive behavior of any kind is not allowed.
 - In addition to brief, appropriate contact at the beginning and conclusion of each visit, an offender may have physical contact with his/her minor visitor(s) 8 years of age and under in a manner that respects the child's feelings and physical boundaries.
 - The child may sit on the offender's lap.
 - The offender may show affection toward the child (i.e., hugs or kisses).
 - Visit personnel will monitor the child for signs of disengagement (e.g., pulling away, crying, screaming, etc.) and will, if appropriate, instruct the offender to discontinue the physical contact or return the child to the guardian/escort.
 - The Superintendent/designee may establish additional requirements for an individual offender/visitor.

VISITOR'S GUIDELINES

- Visitors that cause significant concern during their visit may be suspended from visiting privileges.
- Visits may become emotional at times. If visit personnel observe this, they may check in with you.
- Conversations should remain quiet, without harsh language or swearing, encouraging pleasant and caring family interaction. Please avoid loud, excessively emotional, or disruptive behavior.
- Visit areas are provided for all visitors. Please use furnishings for their intended use.
- Because time is limited, the focus and interaction must remain between the offender and his/her own visitors and family. Conversations with other offenders and/or their visitors are not allowed with the exception of very brief (i.e., one or two word) courteous statements (e.g., hello, please, thank you, etc.).
- During visitation, money or vending machine debit cards may be used for vending machine purchases by visitors. Offenders may not approach the vending machines without permission from visit personnel. Once opened, purchased food items must be removed from their packaging and placed on a plate or napkin. Any unopened items may be taken home by the visitor. Visitors will take all unspent money and vending machine debit cards with them when they leave.
- If restrooms are located outside the visit room, visitors may be subject to additional search.
- Please put away all items used during visits (e.g., games, toys, books).
- Please throw trash and recyclables in provided containers at the end of your visit.

General Supervision of Children:

- Children must be under direct supervision and within sight of the visiting parent or guardian/escort at all times. Children should remain at the table or in authorized play or break areas at all times. Roughhousing and horseplay will be stopped immediately by the visiting minor's guardian/escort.
- The offender may supervise a child(ren) while the adult visitor uses the restroom or the vending machine, provided there is no restriction prohibiting the offender from being alone with the child(ren).
- For health and safety purposes, children under 5 years of age must have an adult escort them when they use the restroom. While an adult visitor escorts the child to the restroom, the offender may supervise remaining children, provided there is no restriction prohibiting the offender from being alone with the child(ren).
- Verbal corrections and time-outs are the only allowable forms of discipline during visits. Department employees are required by law to report suspected child abuse and neglect.

VISITOR'S GUIDELINES

- Showing affection, holding, and playing with visiting children promote positive family interaction. Please remember to be considerate of other visitors and your public surroundings.
- Grooming of children's hair may be done during visits, unless visits occur in a dining hall.
- When changing children's soiled garments, please use the provided changing areas.
- Adult escorts are expected to encourage children to return play items to their proper locations after use.

Suggestion/Comment forms are available in the visit room and online at <http://www.doc.wa.gov/family/visits.asp>.
